

# Bracelet with letters

Instructions by Stefan Hedman, [steffe.se/friendshipbracelets](http://steffe.se/friendshipbracelets)

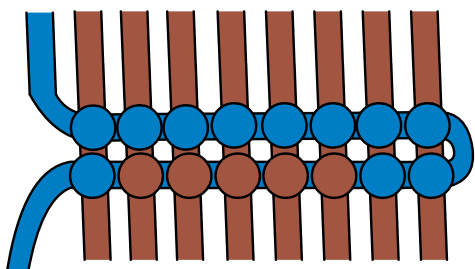

1. You'll need as many threads as the patterns width (eight if you choose one of my suggested letters), plus one in the background colour.

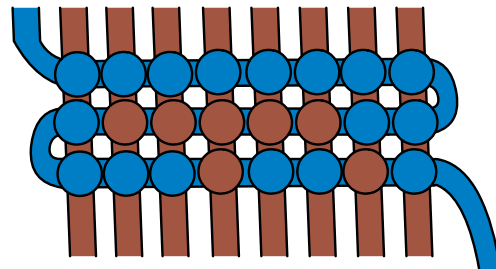

2. Start with the blue thread to the left and make right-hand knots. This will be the first row of the pattern in the letter A (see step 1).

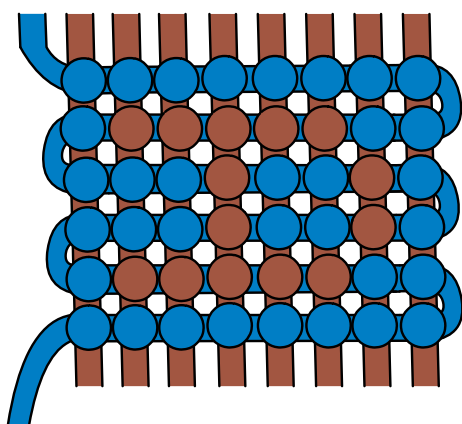

3. Use the same thread but change direction and make left-hand knots. When you get to the third knot from the right, the pattern tells us it shall be a brown knot there. Just take the brown thread in question and make a right-hand knot "on top of" the blue one.

4. In this way you can choose colour of the next knot. Follow the pattern in step 1 until row 2 is finished.

5. Change direction again and make row 3. Tie right-hand knots to make blue knots and left-hand knots to make brown ones. Follow the pattern.

6. When you've finished the first letter, you can continue with the next. You find suggestions for letters at the bottom.
